

LIMITED INTERNATIONAL WARRANTY

Central Boiler E-Classic Limited Warranty

WARRANTY COVERAGE

Central Boiler's warranty obligations are limited to the terms set forth below:

Central Boiler, Inc. ("Central Boiler") warrants to the original owner (except parts or items specified excluded from warranty coverage under **EXCLUSIONS AND LIMITATIONS**) Central Boiler Classic and E-Classic furnaces against defects in workmanship for a period of TWO (2) YEARS from the date of original retail purchase, provided that the Limited Warranty Registration Form is completed and sent to Central Boiler within five (5) days of the original owner taking possession of the furnace; otherwise this Limited Warranty shall be for a period of ONE (1) YEAR from the date of original retail purchase.

If a defect exists, Central Boiler reserves the right, at its option, to (1) provide a replacement part for the defective part at no charge, using new or refurbished replacement parts, (2) provide an exchange furnace with a comparable model furnace that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original furnace, or (3) refund the purchase price. A replacement furnace/part assumes the remaining warranty of the original furnace/part or ninety (90) days from the date of replacement or repair, whichever provides longer coverage to the registered owner. If a furnace or part qualifies for replacement under the provisions of this limited warranty, at Central Boiler's discretion, the defective furnace or part may be required to be returned to Central Boiler for inspection and recycling or disposal. This limited warranty does not cover labor, transportation, freight, duty, or tax costs required to repair/replace the furnace. This limited warranty covers the cost of the covered part(s) which fail due to defects in workmanship only. This limited warranty will be void if the owner fails to maintain the furnace in accordance with the owner's manual or burns materials in the firebox other than clean, untreated wood. One thermostatic valve per set of supply and return lines must be installed in the system for the warranty to be valid.

This limited warranty covers only those defects that arise as a result of normal use of the outdoor furnace and does not cover any other defects or problems, including those that arise as a result of: (a) improper maintenance (b) operation outside the furnace's specifications, accident, abuse, misuse, misapplication, or parts that are not factory-installed; (c) service performed by anyone other than Central Boiler unless authorized by Central Boiler in writing; (d) modifications undertaken without the written permission of Central Boiler; or (e) if any Central Boiler serial number has been removed or defaced. This warranty excludes the cost of shipping, labor to remove or reinstall the furnace, plumbing labor and/or parts and the cost of alternative heat if the furnace is out of service for repairs. Warranty excludes replacement of water, inhibitors or other additives, and parts used in the system whether or not mounted on the furnace, such as pumps, valves, and piping.

The following parts are covered by this limited warranty for workmanship defects for one year: gaskets, seals, heat shields, paint, charge tube, grates, combustors, aquastats, actuators, heat refractory, and firebrick.

Parts that are factory-installed by Central Boiler, but are manufactured by others, may be covered by their own manufacturer's warranty and are not covered by this limited warranty.

Central Boiler is not liable for damage or repairs required as a consequence of faulty installations or applications by others or any event of force majeure. Central Boiler is not liable for incidents or accidents which can be prevented by the owner or that occur from the operation of the outdoor furnace. A backup heating system must be in place to prevent damage in case of failure to refuel the outdoor furnace or mechanical failure of the outdoor furnace or system occurs. Heat replacement representations found in Central Boiler promotional information should be used only as a guideline. Heat loss for all applications with all weather extremes and other heat variables must be considered when sizing an outdoor furnace for different applications.

THIS WARRANTY AND REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED.
